School Accountability Report Card

Reported Using Data from the 2019–2020 School Year

California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020–2021)

Mission Statement

GLC offers a personalized program of study by focusing on challenging academic standards and forming partnerships between dedicated professionals and families. Gorman emphasizes individualized student learning plans driven by interest, innovation and flexibility.

Vision Statement

GLC prepares students with the 21st century skills necessary for higher education and career readiness.

Motto

“Bringing Academic Excellence Home”

It is the goal of GLC to encourage our students to be prepared for their futures by becoming lifelong learners who are intrinsically self-motivated to learn, who have diverse, well developed interests, who are competent and prepared for the transition into adulthood, and can understand and function at their full potential in the world around them. Adults who have received a GLC education have realized their own aptitudes, talents, or abilities, whether they be in the arts, sciences, or other areas. They have an overview of the history of mankind in all its diversity, an understanding of political processes, the ability to solve mathematical problems and to think scientifically, and the community and global perspective necessary to vote responsibly as citizens in a democratic society.

GLC is a personalized learning public charter school that supports parent choice and engagement with the community. Our intent is to foster the innate curiosity of our student, teach them how to access knowledge and ultimately be in charge of their own educational program. In this model, the parent, student and teacher collaborate to develop and academically rigorous education plan for the student.

School Facility Conditions and Planned Improvements

Gorman routinely schedules inspections of the main business office building, and Antelope Valley Resource Center. Gorman recently used grant funds to make the one building owned by Gorman, more energy efficient. ADA compliance is also on the list for Future Improvements as Gorman works to continue providing safe and easily accessible Resource Centers.

Inspections include but are not limited to:

- HVAC quarterly PM inspections
- Annual backflow prevention test
- Annual fire extinguisher inspections – (Warehouse and Redlands Administrative location)
- Annual extinguisher inspections (Antelope Valley Resource Center)
- Asbestos Survey – (Antelope Valley Resource Center, cover sheet only)
- Annual Redlands Fire Department inspections – (Warehouse and Administrative Building)
- Quarterly Fire Alarm NFPA inspection and test
- Five-year Fire Suppression inspection and certificate, Title 19 compliance
- Monthly safety inspection reports – (Administrative Building and Warehouse)
- Monthly extinguisher inspection checklist
- Risk Management fire safety checklist
- Monthly pest control

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	20.0%	N/A	21.0%	N/A	39%	N/A

Note: Cells with N/A values do not require data.

Note: The 2019–2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019–2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020–2021)

Gorman Learning Center relies a great deal on parental involvement. Parents provide primary day-to-day instruction.

During the 2018-19 school year, Gorman began to use Parent Square, an online/application communication service, to reach out to parents and communicate events, volunteer opportunities, and emergency alerts. Gorman has utilized this communication service to further parent involvement by allowing for two-way communication between the staff, faculty, and parents.

Our three resource centers are available for parents seeking assistance in promoting the most well-rounded personalized learning education that they can provide for their children. Resource centers also give parents an opportunity to engage students with group activities like band, art, drama, choir, theater, and athletics. Each resource center invites parents to become involved in different ways outside the role of day-to-day instruction.

In January 2021, the first meeting of the Advisory Council was held. The council is made up of employees, parents, and students. The council will allow for a diverse group of input on matters such as the LCAP and more.

School Safety Plan (School Year 2020-2021)

Gorman Learning Center has developed a detailed Injury and Illness Prevention Program or IIPP. This program is laid out in a detailed guide which is reviewed and updated annually.

The IIPP details procedures on everything from communication to workplace security to identifying and disposing of hazardous materials. Safety is everyone's responsibility. If a potential safety hazard is observed or detected, it should be reported immediately to the Safety Officers, Maintenance Department, or to the Human Resources Department.

Proper communication is key to the success of our IIPP. There should be a two-way flow of communication; manager to employee and employee to manager. If an employee finds evidence of disrepair or damage it is expected they will report it in a timely manner to either their manager or maintenance. In this way, issues may be handled in an efficient and expedient fashion. Hazardous materials are to be handled by trained maintenance personnel only. Gorman's Facilities department requires employees to attend and pass multiple ongoing training courses pertaining to BPP, SDS, hazmat, and other safety topics. Other hazardous materials, such as lab dissections, will be disposed of by the approved vendors.

Security protocols are in place to prevent endangering our students and employees. Action plans for evacuations and lock downs are detailed within the Comprehensive School Safety Plan or CSSP. This document is reviewed, updated, and made available to families annually in March. The CSSP includes subjects like: lock downs, emergencies, natural disaster plans, egress and ingress of students, and emergency communication information. This year, in addition to the CSSP Gorman has created an Influenza and Infectious Disease Plan as a supplemental component to the CSSP. Both documents will be published in their updated form in March 2021.
